

Mr Andrew CHOW
President, ST Electronics (Info-Comm Systems) Pte Ltd

Mr Chow was appointed President of ST Electronics (Info-Comm Systems) Pte Ltd on 1 January 2011, having previously been responsible for its operations as its Senior Vice President/Deputy General Manager since 2004.

A wholly-owned subsidiary of Singapore Technologies Electronics Limited, ST Electronics (Info-Comm Systems) is a leading system solution company for info-communications, electronics and intelligent transportation systems.

Mr Chow served as the General Manager of the company's subsidiaries, ST Electronics (Info-Security) Pte Ltd and DataMark Technologies Pte Ltd from 2000 to 2010. ST Electronics (Info-Security) specialises in the design, development and delivery of info-assurance products and solutions while DataMark Technologies' expertise is in the area of digital watermarking technologies and solutions.

Under his leadership, the info-security business has grown globally with new products launched through its DigiSAFE and StegMark brands. Its strong focus on research and development has seen more than nine technology patents granted over the years.

Mr Chow graduated with a Bachelor Degree in Engineering (Honours) from Nanyang Technological University in Singapore. In 2006, Mr Chow attended the Program for Executive Development (PED) at IMD, Lausanne, Switzerland.

Upon graduation, Mr Chow joined the Singapore Armed Forces specialising in military communication systems. Mr Chow led operations in Beijing, China from 1995-998 when he joined a regional Information Technology company and was involved in major telecoms Internet/broadband infrastructure projects.
